No new notifications You'll get updated when important things are happening, and when you engage with our community. Procrastination is a terrible habit, isn't it? Many of us know what it feels like to spend all night cramming for a test, and that only because of choosing to waste a perfectly fine weekend. On über-important things like reaching level 500 on Candy Crush Saga or ensuring that Instagram knows what you're eating. Too bad that this post won't make a procrastinator's life any easier. Casual smartphone games are a great way to waste time, whether it is a couple of minutes or a couple of hours you have to spend. They require little to no dedication, they're easy to pick up and play, and many of them can be enjoyed for free. That's why many of the most popular games on mobile belong to this category. And below we have 7 casual Android games we think you should try. After you're done studying for that test, of course. They're all fun and they're all free, so there's nothing stopping you from giving them all a try. Which of these casual Android games you like best? Any great games we should have included? Let us know in the comments! Playing games while on the move can be tricky. You're dealing with the relatively small screen of a smartphone and short amounts of free time. Meanwhile many games focus on longer play sessions and small, detailed controls. For tablet play that's fine, but we're rounding up bite-sized, finger-friendly fun available on Android that's best suited for smartphones. Super Hexagon Super Hexagon is an action game where players dive through a maze of walls that are continually spinning and falling inwards. A constant, disorienting motion makes accomplishing this insanely difficult, and an amazing soundtrack doesn't help the nerves either. As you beat each stage, a harder version of the level is unlocked. Before long, things get well and truly ridiculous. Super Hexagon is the game of choice for gluttons of punishment. Download Super Hexagon (opens in new tab) (\$2.99) Dumb Ways to Die Players in Dumb Ways to Die have to survive a barrage of deadly mini-games which get harder as time goes on. These include swatting away deadly wasps, shooting piranhas away from your crotch, and holding onto balloons so you don't dive onto the tracks. Three adorable animated deaths and it's game over. As you progress, your collection of dancing cartoon corpses grows. All in all, Dumb Ways to Die is a fantastically morbid test of reflexes. Download Dumb Ways to Die (opens in new tab) (Free, ads) Despicable Me: Minion Rush Despicable Me: Minion Rush is an endless runner featuring the adorable little creatures from the popular animated film. Players have to swipe left and right to avoid incoming obstacles and collect bananas and power-ups. Camera angles and control types change regularly, demanding players stay on their toes, and with lots of unlockable content, including costumes and new running areas, the game stays fresh for a long time. Despicable Me: Minion Rush is hugely entertaining and a great way to kill a few minutes. Download Despicable Me: Minion Rush (opens in new tab) (Free, IAPs) Dots Dots is an easygoing puzzle title that involves lining up identically-colored dots as quickly as possible. Gather up dots by drawing a line through them, and get bonuses for creating closed loops. At the end of a round, either by time or number of moves, the gathered dots can be spent on power-ups to help in future matches. Pass-and-play multiplayer is also available, if you want to see how you stack up against your buddies. Dots is easy to pick up, and great to look at. Download Dots (opens in new tab) (Free, IAPs) Canabalt Canabalt is a fast and furious endless runner with a minimalist art style. All you have to do is tap the screen anywhere to jump gaps between the buildings you're running over. There are a lot of other one-touch endless runners on Android, but Canabalt excels for its high speed, fluid animation, and short play cycle. You won't find any in-app purchases, power-ups, or anything like that here; the only challenge is to make it farther than your last run before faceplanting into another skyscraper. Despite its age, Canabalt is a pure, pared-down runner. Download Canabalt (opens in new tab) (\$2.99) Fruit Ninja Fruit Ninja is a hugely popular action game. Players make quick swipes to slice fruit tossed in the air before it hits the ground, but be sure not to hit the bombs. Though it's an older game, the developer has been updating regularly with new content. There's a premium currency, starfruit, that players earn through gameplay which is used to buy these bomb deflectors, bonus fruit, and new blades. Fruit Ninja has weathered the test of time and remains accessible and fun. Fruit Ninja (opens in new tab) (\$0.99, IAPs) Flick Soccer For a casual futbol game, Flick Soccer is great. It presents a variety of kicking games where players have to race against the clock, hit targets, and otherwise score some goals. The swipe recognition is highly polished and results in some very natural-feeling arcs. Even after the kick has landed, you can alter the trajectory with a quick swipe. Download Flick Soccer (opens in new tab) (\$1.99) Tetris Blitz Tetris Blitz is a reimagining of the classic block-dropping puzzle. Random blocks spawn at the top of the screen, and you have to tap a location to drop them so a solid row of blocks is formed. That row disappears, and you get points; the more rows you take out at once, the more points you get. The catch is that you only have two minutes to score as many points as possible. They've also tossed in power-ups which help you along the way, and a Frenzy meter which fills up as you score points and ultimately initiates a massive spout of points bonuses. Tetris Blitz is a fun, fast twist on a classic. Download Tetris Blitz (opens in new tab) (Free, IAPs) Major Mayhem Major Mayhem is side-scrolling shooter with dirt-simple controls. Players tap on secret agents and ninjas as they pop out from behind cover to open fire. Save scientists from the evil clutches of ne'er-do-wells, earn coins, and unlock new weapons and outfits. Major Mayhem is a goofy, action-packed ride with lots of flavor. Download Major Mayhem (opens in new tab) (Free, IAPs) Beach Buggy Blitz In Beach Buggy Blitz players drive along the beach for as long as possible. There are plenty of obstacles along the way that slow you down if you hit them, and if you can't make the next checkpoint before the clock runs out, it's back to the starting line. Coins are scattered along the route which fund upgrades like new rides and power-ups. Dust, water, and lighting effects are all hugely impressive, and add up to a surprisingly rich experience. Though Beach Buggy Blitz is kid-friendly, it's a ton of fun for everybody. Download Beach Buggy Blitz (opens in new tab) (Free, IAPs) Your favorite games for Android phones? Those are our favorite short-and-sweet Android games for phones, but what are yours? 3D games are becoming more common on Google's Android OS, and in this slideshow we've gathered some of the best to get you started. Even those titles without snazzy graphics are pretty addictive. Let's take a look. Speed Forge 3D sets its racing action in the future, on an inhospitable planet. The illegal races involve heavy-duty hover vehicles; you can choose from among three styles. You can compete on six different tracks, and add weaponry such as mines and homing rockets to your vehicle. One quick tip to increase the game's performance: Turn the music off. If you prefer race cars of our time, consider Raging Thunder. Toon Warz is a great 3D first-person shooter, with two gameplay modes available over four missions. In addition to offering nice graphics, it supports multitouch on Android 2.0 devices. Once you get used to the on-screen controls, the gameplay becomes fluid. After you complete the missions, you can play against other people in real-time deathmatches. If you like Toon Warz, you might also want to check out ExZeus. Robo Defense is a classic tower-defense game packed into your mobile phone. Addictive and fun, the game features above-average graphics and allows you to get new weapons through sell-backs or upgrades. Depending on your strategy, you can spend your points to upgrade the towers, so you're not stuck with insufficient defenses later in the game. If you want more maps or to save your game progress, though, you'll have to go for the paid version. Bonsai Blast is not a complicated game, but it packs in hours of great fun. Colored marbles travel down a path, and you have to stop them from reaching the end by shooting more marbles at them. Once you've linked three or more marbles of the same color, they disappear and you get points. Fans of puzzle games will appreciate the 90 Zen-themed maps in Bonsai Blast, as well as the single-tap control method, which saves you the hassle of positioning the cannon before shooting. One of the latest 3D games to grace Android phones, Mystique Chapter 3 Obitus is an immersive first-person adventure with great graphics and a haunting soundtrack. The horror action takes place in two distinct environments (a hospital basement and a hellish alternate world), and the game features fully animated characters. You'll find plenty of challenging puzzles, too. But it's best not to play this game for the first time with the lights off. Buka is a cheerful orb, but mean asteroids stand in its way. With an arsenal of weapons such as shockwaves and spark attacks at your fingertips, your mission is to get Buka home, referred to as "The Happy Place." Overall, this is a great little game with plenty of levels and variety; it will keep you busy constantly. You'll have to strategize carefully: Sometimes you'll encounter too many asteroids to eliminate, so you'll have to avoid some of the obstacles—which, unfortunately, awards you no points. UFOs have abducted your fellow animal friends, and you have to save them. To get to the aliens, though, you must jump on platforms and control your direction by tilting the phone sideways. Abduction is a fun game with lots of power-ups, level schemes, and unlockable levels and animals (you start as a cow) along the way. The concept is simple yet entertaining—and if you have kids, you might not get your phone back anytime soon. Gem Miner is another simple game from the creator of Abduction. This time you have to raise a fortune by digging and exploring a mine. You mainly mine for coal, but you can also unearth bonuses such as gems or maps. It's critical that you have enough ladders to get back out of the mine; but the more money you raise, the better tools you obtain to dig deeper and find more-valuable items. Again, the graphics are uncomplicated but the gameplay is highly entertaining. Kumpa is a labyrinth game that makes use of the accelerometer in your Android phone to help you navigate around the maze and light up various symbols in the levels, which in turn gives you points. As you level up, more obstacles, such as the "hole of death," appear in your way while you try to collect items before the time expires. It's a great casual game; fans of pinball-like action will like Kumpa. The premise for Armored Strike is simple: Eliminate your opponent, in multiplayer mode against the AI or a friend (nonnetworked). Essentially a turn-based strategy game in the style of Worms and Scorched Earth, Armored Strike stands out with its smooth graphics and fun gameplay. The game gives you many weapon choices, and once you get used to the angles and velocities, it becomes pretty entertaining. If you're not sure about spending \$3.99, though, fiddle with the free trial first. Though it looks confusing at first glance, Cestos is an interesting game. You have to knock all of your opponents' (up to four) marbles into space by dragging your own marble in the direction you want to shoot. Cestos requires a bit of strategy, as all players must enter their moves at the same time—and a match can last up to 5 minutes. The game is very social, too; you can friend/ignore anyone from the growing online community, and chat with or send private messages to fellow gamers. UniWar is a well-developed online multiplayer turn-based strategy game that can connect up to eight players at a time in up to 20 games at once. Fans of StarCraft will appreciate UniWar, especially as the game also allows for a campaign mode against the AI with 21 missions altogether. You'll find over 50 maps, and you can play two-versus-two, three-versus-three, or four-versus-four games online with integrated in-game chat.
